

BREAKTHROUGHS

Membership

- ◆ 68% of our corporate members are Top-1000 companies
- ◆ Our student chapters and academic institutional members represent over 50% of all CHED-accredited IE schools in the country
- ◆ Our local chapters have established a clear presence of IE practice in Mindanao and we are presently accelerating the same advocacy in the key economic centers of Luzon and Visayas

External Linkages

- ◆ United Nations Environment Programme (UNEP)

- ◆ Asia-Pacific Industrial Engineering & Management Society (APIEMS)

- ◆ Chinese Institute of Industrial Engineers (CIIE)

- ◆ Philippine Rubber Industry Association (PRIA)
- ◆ Upcoming Memoranda of Understanding with:
 1. Department of Environment & Natural Resources
 2. Philippine Ergonomics Society

The PIIE Programs

- Continuing Education
- Professional Networking
- IE Certification & Peer Recognition
- Leadership Training
- Student Development
- Academic Research
- International Affiliations
- Placement Services
- Socio-Civic Programs
- Industry-Academe Linkages

Philippine Institute of Industrial Engineers

The Philippines' Industrial Engineering Resource

Why **PIIE** ?

PIIE is envisioned to be the premier organization of industrial engineers in the nation. It is a professional society devoted to serving the needs of industrial and systems engineering professionals and institutions who value industrial engineering practice.

PIIE is the focal point of all industrial engineering agenda concerning the academe and industry. Founded in 1998 as a non-stock, non-profit organization, its membership has been a consortium of industry, academe and government. It spearheads the knowledge and technology-sharing experience in providing implementable solutions to real-world industrial engineering issues.

PIIE provides the leadership for developing the industrial engineering profession and is dedicated to advancing the technical and managerial excellence of industrial engineers, with a regulatory advocacy leading toward standardized academic curriculum and globally recognized professional certification.

The benefits of PIIE membership go far beyond the focused discussions of current industrial engineering problems and management issues. It provides a venue for members to enhance and strengthen their IE capabilities and expertise through its regular and customized programs.

PIIE is the primary exponent of OPERATIONAL EXCELLENCE in the industry and academe. We are catalysts to enhancing the country's global competitiveness, by: (1) actively participating and advocating initiatives relevant to the efficient and effective utilization of resources, and (2) promoting to constituents and institutions the dedication to quality, cost efficiency, systems thinking, logistical competence and value supremacy.

MEMBER REGISTRATION / RENEWAL

Type of Application:

- New Member Renewal

Type of Membership & Annual Fees:

- Individual Institutional
