

The 19th International Society for Business Innovation and Technology Management Conference

June 12th – 14th, 2016, Bangkok, Thailand

Announcement and Call for Papers

<http://www.isbitm.org>

The conference aims to provide a forum for the exchange of ideas on the latest international business innovation developments in the field of management among researchers and practitioners in universities and industries, and to seek opportunities for collaboration among the participants. The conference is also expected to foster networking, collaboration and joint effort among the conference participants to advance the theory and practice as well as to identify major trends in **Corporate Sustainability in Business Decision Making Model**. The ISBITM conferences have been very successful in attracting participations from all over the world. Currently, there are European BITM, African BITM and Asia Pacific BITM for our regional development.

The main theme is **Corporate Sustainability in Business Decision Making Model**

Bangkok, Thailand

Bangkok is an exciting and vibrant city of over 12 million people. Situated in the central plains of Thailand, on the Chao Phraya River near the Gulf of Thailand, Bangkok is Thailand's administrative, economic, and cultural center, as well as a major commercial and transportation hub for South-east Asia. You need not travel far in Bangkok to find the trappings of modern civilization give way to historical treasures and traditional culture and heritage. A rich history, fabulous shopping, colourful night life, sumptuous food and plenty of fun. Although Bangkok, one of the largest cities in the world is crowded, fast paced and rather polluted, you can easily find the traditional and spiritual side at one of the many ancient temples. It is a city that will whet the appetite of those with an inquisitive nature and a thirst for adventure. There are unending contrasts around every corner, Bangkok is truly unique. Despite the traffic congestion, its not hard to get around by using the BTS Skytrain, the MRT Metro (subway, or underground), the Chao Phrya Express Boats (river buses), and the ubiquitous colourful taxis. Check the Bangkok forum FAQs for more details.
