The Twelfth Asia Pacific Industrial Engineering and Management Systems Conference (APIEMS2011) will be held in Beijing, the cultural, educational, and political capital of China. The objective of this conference is to provide a forum for the exchange of ideas on the latest developments in the field of industrial engineering and management systems among researchers and engineers in universities and industries, and to seek opportunities for collaboration among the participants. The program committee and organizing committee of APIEMS2011 cordially invite you to submit your paper to this conference. All papers related to theoretical developments and applications of industrial engineering and management systems are welcome. Relevant topics include, but not limited to:
